Good morning Class !!

How are you all today? Have you had a nice breakfast? Did anyone have honey on toast like the three Bears? I had honey on cereal, it was delicious.

Below, are some more fun and exciting activities for you to enjoy at home. I can't wait to see your music videos.

Remember, if you have any questions, you can email us.

Have a fantastic day and enjoy your activities.

Mrs Poller and Miss Starrs.

Before you begin your work for today, look back at the kindness flower you created a few weeks ago. Mrs Potter has completed all of the kind acts on her petals. How many have you completed?

Subject Task: **Literacy** I was thinking last night, that we haven't practised our handwriting for a while. Do you remember how to form your letters correctly? Here is a picture of brave monkey and scared monkey to help you. Abracadabra Family Today, I thought we could practise our Abracadabra Family letters, they look like this: Can you write 5 of each letter in your Pull around and book, remember to start at the height abracao of scared mankey, then pull your pencil around, and push. Make sure your letters sit nicely on the line.

Then you could practise writing a list of words that start with these letters,

like this:										
С	σ	a	d	9	q	S				
cat	σn	apple	dog	gate	queen	sad				
cap	orange	ant	den	gap		snake				
coin										

Remember, when we write letters that start with the same sound, we call it 'Alliteration'.

Numeracy

Today we are going to think about odd and even numbers. Here is a poster to help you.

people equally,
odd numbers
cannot.

Using the picture below, I would like you to tell me how many odd and even numbers you can see. You could record your answers like this:

Phonics Phonics	Choose your favourite game and spend 10 minutes practising your phonics skills using these fun links: https://www.phonicsbloom.com https://www.phonicsplay.co.uk/					
Reading	Complete the reading challenge attached below, then answer as many questions as you can about what you have read.					
Topic:	Today, we would like you to learn a new song. This is one of my favourites					
Music	because you have to do actions, and sing at the same time.					
	Listen to the song first, then sing along with the actions. https://safeYouTube.net/w/eMQM					
	The words are attached below to help you.					
	The best performer will receive a special certificate from Miss Starrs (we will email it to you to keep), so don't forget to send us a video!

Polar Bear - Fascinating Facts

- 10 Polar bears have a great sense of smell. They can
- 19 sniff out seals from almost 1km away even when
- 24 they are under the ice.
- 32 A fully-grown adult polar bear weighs between
- 39 175-650kg and measures approximately 2-3
- 42 metres in length.
- 52 Polar bears need to hunt earlier each year due to
- 61 climate change, which is melting the sea ice. This
- 67 means their feeding season is shorter,
- 73 giving them less time to build
- 77 up their fat reserves.
- 82 This is why polar bears
- 86 are quickly becoming an
- 90 endangered species. Try to
- 96 find out what you could do
- 102 to help save the polar bears.

Quick Questions

1. How long is an average adult polar bear?

2. Which verb has the author used instead of repeating the word 'smell'?

3. Why is it important for a polar bear to build up its fat reserves?

4. Where could you look to find out about how to help save the polar bears?

Answers

 How long is an average adult polar bear? The average polar bear is 2-3 metres in length.

2. Which verb has the author used instead of repeating the word 'smell'? sniff out

3. Why is it important for a polar bear to build up its fat reserves?

Accept any inference relating to the text, e.g. They need to build their fat reserves so that they can survive in the cold conditions.

4. Where could you look to find out about how to help save the polar bears?

Example answers: I could look on the Internet, in a library book, watch a nature programme, etc.
