In accordance with Dudley Safeguarding People Partnership Board guidelines, photographs, videos or other images of children and young people will not be taken without the written consent of the parents or carer.

Legal requirement

In order to comply with Data Protection Law, a lawful basis is required before capturing images, which are classified as data, of a child or young person. Obtaining consent from either the parent, guardian or legally appointed representative of the child or young person provides that lawful basis.

We would therefore like to ask for your consent for image capturing, either through photography or videoing, of your child in the following ways. **Please sign the areas you consent to individually.**

Photographs and digital film recording

Within our academy we use photographs and digital film for a number of reasons. The main purpose is to celebrate the success of learners. Photographs are used on display boards, plasma screens and on the academy website e.g. photographs of learners learning, sports teams and members of the cast of school productions. Film is generally used to help with learning e.g. role plays.

Your child’s identification will not be disclosed unless the photograph is used to celebrate individual success. We will always take great care to only show photographs if we feel the medium is appropriate.

In order to comply with Data Protection Law explicit consent is required for each area we use the images for. **Please sign the areas you consent to individually.**
