

To all in the Early Years,

Just a quick note from all the staff here at Blowers Green to thank you once again for your efforts and enthusiasm to complete home-learning activities over the past weeks. You have amazed us with your perseverance and resilience in these challenging times. We all hope you have a relaxing and fun-filled half-term holiday. Enjoy yourselves but most importantly stay safe! Fingers crossed the sun shines for us. 🍀☀️

Teachers will not be setting daily home learning over the half-term break but we have included some ideas and links to activities below that might be nice to share as a family or to keep you entertained if the need arises! **Take a look and have fun!**

Board games are fun for all the family. If you don't have one at home, you can make one from pen and paper.

Make an obstacle course on the floor with your chalks. Let all the family have a go. Who can complete it the quickest?

Let the children help around the house. You could even let them help you to wash your car.

Build a den with blankets and furniture. It could be a castle for King, a reading den or even the cave for the Gruffalo.

Have a family movie night. Let the children make tickets for the show. Encourage them to make their own snacks for the movie.

Save all the boxes and bottles and see what you can turn them into.

Play hide and seek this can be done inside or outside.

## Websites

Cosmic Yoga

Change 4 Life have lots of ideas for indoor and outdoor activities <https://www.nhs.uk/change4life/activities>

change 4 life

You could make playdough. Here is a simple way to make play dough with using hot water. I would stay away from adding food colouring as it does get messy.
