

Wednesday 8th July 2020

Good morning Class !!

Happy Wednesday! It means that we are now halfway through another week. The days are flying by aren't they?

We hope you enjoyed yesterday's home learning activities. We had great fun looking at your science pictures. Well done to all of you for remembering which body parts we use for our senses.

We have got some more fun activities for you today. We hope that you enjoy them as much as we do.

Remember, if you have any questions, you can email us. 😊

Don't forget to enjoy some time outside, and see what changes you can see happening now it is officially summer.

Have a great day!

Mrs Potter and Miss Starrs

Let's begin our day with some stretches and moves...

<https://safeYouTube.net/w/TBQM>

Subject

Task:

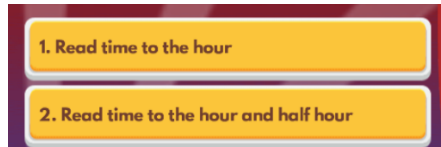

Numeracy

Today, we are going to practise telling the time.

To remind yourself of how we tell the time, play this game.

<https://mathsframe.co.uk/en/resources/resource/116/telling-the-time>

Click on level 1, then move onto level 2 if you can.

Your task today is to complete a home learning time log.

I would like you to write down the time you do each of your activities, like this:

9 o'clock – Numeracy

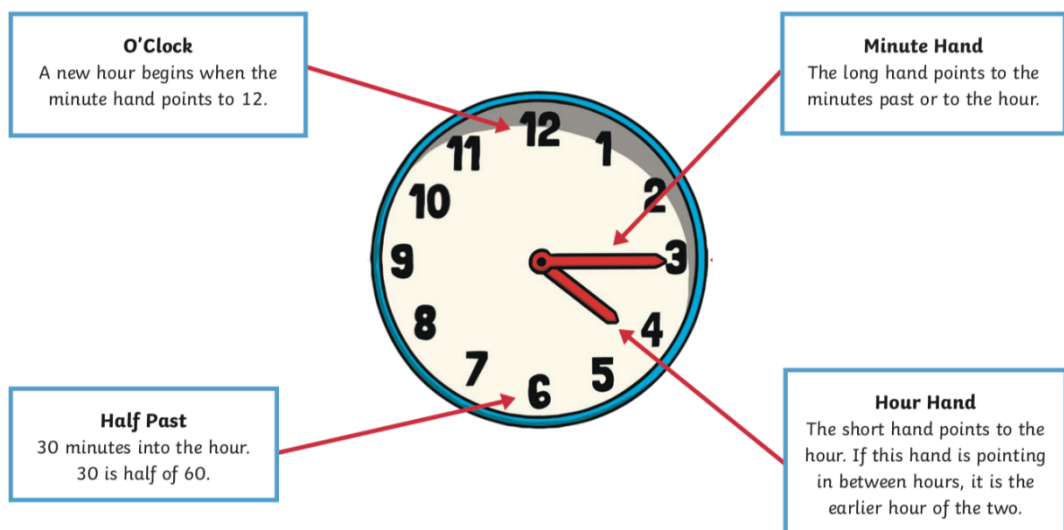

Half past 10 – Literacy

1 o'clock – Phonics

Draw a clock face into your book and add the hands to show the time.

Here is a little poster to help you.

Telling the Time

Literacy

Do you ever feel sad when you finish reading a story, I do! I often wonder what would happen next if the story was longer.

Here is a picture of the end of 'Goldilocks and the Three Bears'.

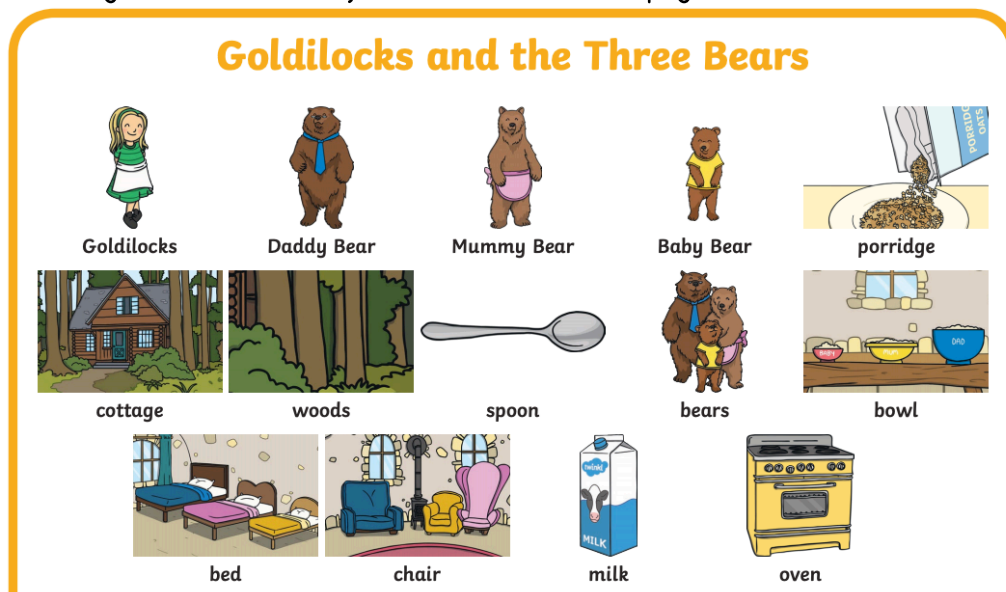

Today, I would like you to write a few sentences telling me what you think happens next.

This is what I think:

Mummy bear makes some more yummy porridge and Daddy bear fixes the broken chair.

Don't forget to use your capital letters, full stops, and some lovely adjectives. You can write as many sentences as you want.

You might need some of these words to help you too:

Phonics

Read the words below.

Can you sort them into a list of real words and nonsense alien words? Do as many as you can.

Remember, a nonsense word does not make sense. It is nonsense.

Start here ↓

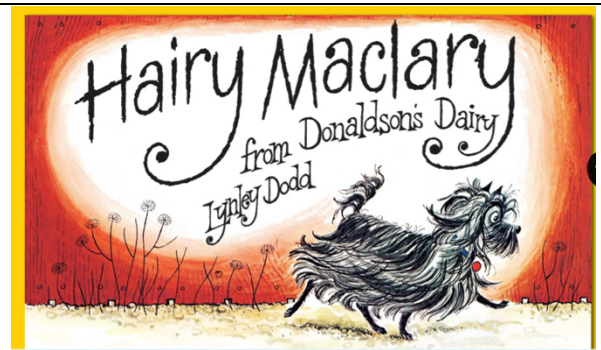

pin	pot
nip	ik
gat	pick
gad	fuff
lock	lick

fair	hoot
thigh	wink
pight	chal
zayg	play
wurn	phone

Reading

Read along to this story.

<https://www.booktrust.org.uk/books-and-reading/have-some-fun/storybooks-and-games/hairy-maclary/>

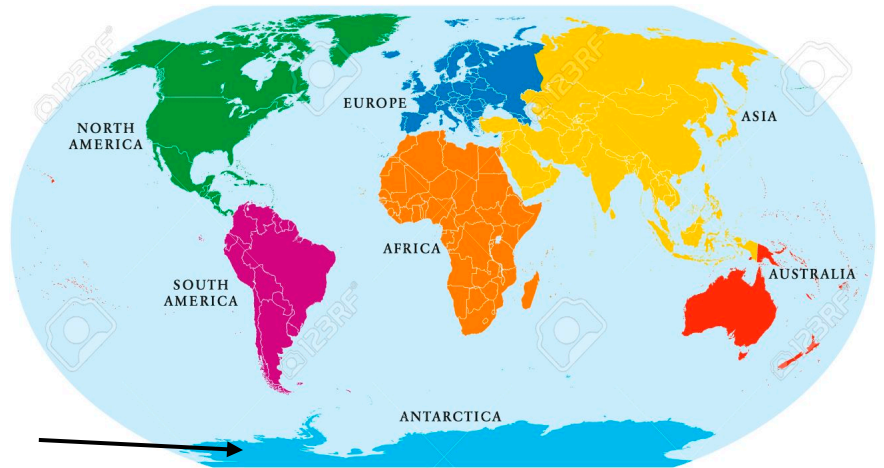

How many rhyming words can you find on each page?

Remember, a rhyming word is a word that sounds the same, such as cat, hat, or chair, fair.

Topic:
Geography

Today, we are going to learn about a very cold place on our planet, called Antarctica.

Antarctica, is a continent of land at the very bottom our planet. During the summer, the sun never sets so it is light all the time, and during the winter, it is dark all of the time. No people live there, just penguins and seals. Scientists visit there to investigate, but it is too cold to live there all of the time.

Watch these videos to help you learn a little more:

<https://www.bbc.co.uk/teach/class-clips-video/pshe-eyfs-ks1-go-jettlers-continent-of-antarctica/zj9c382>

Today, I would like you to create an Antarctica fact poster. You could draw pictures of what it looks like there, label the animals that live there, and write some fun facts you have learnt on the videos.

The most informative posters will get 6 Dojo points, so don't forget to email us a picture.

Phonics: Phase 2-5 sounds
