Good morning Class !!

I wonder, did you guess what was in my tiny parcel?

Here are some answers to the questions you sent in. Read through them and see if you can guess what it is now you have more information, I have popped a picture at the end of your learning for today so you can see if you were correct.

Is it brown? **Yes**

Is it sweet or sour? **Sweet**

Is it healthy or unhealthy? **Unhealthy**

Did you know... Miss Starrs and I love Fridays when we are in school because that is when we have PE and music. We love these lessons. What is your favourite lesson at school? Did you know, Mr Price's favourite lesson is Maths?

We are really looking forward to seeing or hearing about what you do today, as always, email us your lovely pictures and videos. 😊

Have a fantastic day,

Mrs Potter and Miss Starrs.

Before we begin, listen to this piece of music by Ravi Shankar. What instruments can you hear? Do you like this music? He is playing the sitar with his daughter in this video.

Numeracy

Today, we would love you to use your knowledge of fractions to help us with our take-away dilemma.

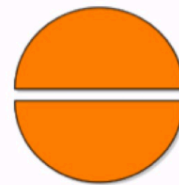

A fraction tells us how many parts of a whole we have.

To help you with the problems, remember, the pizza is delivered as a whole pizza. It then needs to be shared equally so everyone gets the same fraction.

Whole, Half, Quarter

1

$\frac{1}{2}$

$\frac{1}{4}$

On a Friday, lots of people like to order take-away meals for their dinner.

I know that Miss Starrs and Mrs Martin love to order pizzas, but sometimes they end up arguing about how much each person can have.

Miss Starrs always orders one big cheese and tomato pizza to share with Dean. Can you draw a pizza and split it into 2 equal parts to show Miss Starrs how to share it equally? That way her and Dean will both get half a pizza each.

Mrs Martin also orders one big pizza, but her family like to order mushrooms on theirs too. Mrs Martin has to make sure her pizza is split equally into 4 parts so she, Mr Martin, George and Harry all get the same amount. Can you draw a pizza and split it into four equal parts, so the Martin family can all have one quarter each?

How would you share a pizza equally with your family? Also, what flavour pizza would you have?

Phonics

Practise your phonics sounds using the sound mats below.

Pick a sound for your phase and write as many words as you can with that sound.

Our sound is 'or'.

Here are our words:

fork

cork

corn

for

sort

cornet

My Happy Place

To end our week, we would like you to have some quiet time. Go and sit in your favourite spot, it could be in your garden, looking out a window or in your bedroom. Now, think of all the reasons why that spot makes you happy.

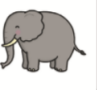

If you want to, you could send us a picture and description of your favourite spot, we would love to see where you like to be and why.

Here is Mrs Potters.

The window in my bedroom is my favourite spot because I can see the beautiful trees and hear the birds singing.
