

Blowers Green Primary: School at Home **Year 4**

Friday 12th June 2020

E-mail: yearfour@blowers.dudley.sch.uk

Good morning Class 4!

Friday today! Our last day of home learning for this week before your weekend begins. I hope you all have a wonderful weekend.

But before the weekend starts, here are your 'School at Home' tasks for today. Again, any links and resources which will help you to complete your home learning are also in this document.

Mrs Ghent

P.S

Remember, to keep practising your times tables up to 12x AND you also have your challenges to work on too!

Subject	Task	Link/Resources
Literacy	<p>Task 1: Spellings</p> <p>I hope you have been practising your 10 spellings for this week!</p> <p>Have one last practise now and then test yourself - can you get 10/10? If you want to you can e-mail to update me on how you have done!</p>	<p>Practise your spellings one last time before testing yourself in your Blue Home Learning Book.</p>  <p>Good luck!</p>
Numeracy	<p>Task 1: Purple Mash <u>Counting in Hundredths</u></p>	<p><u>Counting in Hundredths</u></p> <p>Log-in to Purple Mash using the RM Unify tab on the Blowers Green website:</p>  <p>https://www.blowers.dudley.sch.uk/links.htm</p> <p>Once you have arrived at the Home page, click: Then click "Launch App":</p>

Show your working in your [Blue Home Learning Book](#).

Geography

See Activity below:
Geography

Physical and Human Geography

Can you remember the difference?

Read the following green Fact Box to help remind you:

We explore and learn about two main issues: places and people. There are two branches of geography, called 'physical geography' and 'human geography'

- **physical geography** examines the nature and environment and with it, natural hazards and their effects for example what happens when a volcano erupts or where and why does flooding occur
- **human geography** studies the effects of our activities on the planet and what living in our environments on the lives and activities of the people means, such as why people move from villages into towns or even migrate from country to country or what it happens when we exploit the earth's resources or why we experience the effects of global warming.

Geography Activity:

Physical and Human Geography

Sort the following diagrams correctly into the 2 different categories:
Physical or Human Geography
