

Wednesday 24th June 2020

Good morning Class !!

We hope you enjoyed yesterday's home learning, we certainly enjoyed reading all of your emails and seeing your amazing work. Don't forget to tell us if there is anything you would like to learn about.

Here are some more interesting facts about the 5 senses:

Snakes hear from their jawbones! Yes... really! Their inner ears are connected to their jawbones, so vibrations travel from the jawbones to the ear before being processed.

New-born babies see everything upside down until the brain learns to process everything right way up.

As always, we are looking forward to seeing or hearing about what you do.

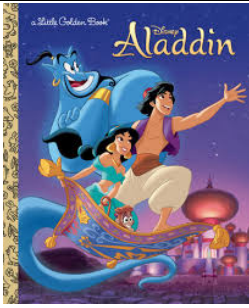

Below, are some more fun and exciting activities for you to enjoy at home today.

Remember, you can check your answers with an adult when you have finished by scrolling down the page. 😊

Have another lovely day,

Mrs Potter and Miss Starrs.

Warm up your brains this morning by spending 5 minutes on Times Table Rockstars.

Subject**Literacy****Task:**

Year 1, I can't stop watching films. I loved Peter Pan so much, I decided to watch another film. This time, it was even more exciting. It was about a boy called Aladdin. In the story, he finds an old lamp. When he rubs it, a blue man comes out, called a Genie. The Genie grants anyone who rubs his lamp 3 wishes.

I would love to find a magic lamp with a Genie inside, would you? What would you wish for?

Today, I would like you to write some things you would wish for... no more than 3 though! 😊

Here are mine:

1. To make everyone healthy.
2. To be able to fly like Peter Pan.
3. To have superpowers.

Numeracy

Today, I would like you to go on a maths treasure hunt around your home. You will need to use your knowledge of number, shapes, and size to help you.

You could write, draw, or take photos of what you find.

Find as many items as you can, you don't have to do them all.

something yellow

something square

something that shows
the number 5

something that is a sphere

something that is blue

something that is empty

something that is
taller than you

something that is a cube

something that shows
the number 10

two things that
are cylinders

three things that
are the same

four things that are smaller
than your hand

I wonder if we will all find the same things?

Phonics

Today, we are going to practise the 'ay' sound. Look at the pictures and write the 'ay' words to match below, do as many as you can. You can draw them in your home learning books.

Write the correct 'ay' words under the pictures.

Can you write a sentence using one of these words?

Topic: Geography

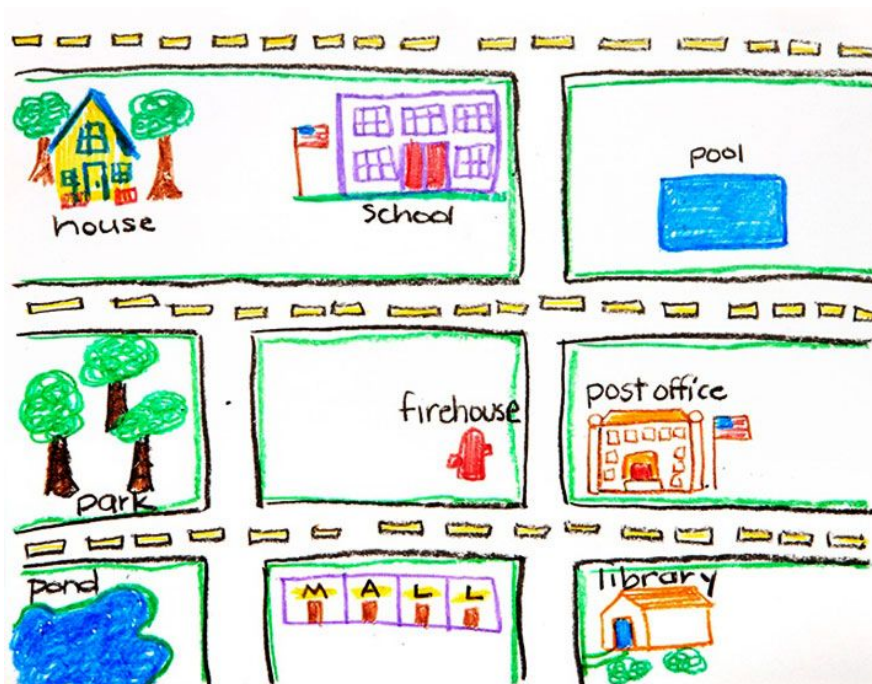

Today, your challenge is to design a town.

A town is an area that has been built for people to live in, like Dudley. It has houses, roads, shops and other features too.

Think about what you would like in your town first, then create your town drawing. You could even call it a 'town plan'.

Here is mine:

I have a swimming pool, a big park, and a fire station in my town too.

Phonics 'ay'.

Write the correct 'ay' words under the pictures.

day

tray

clay

hay

crayon

Phonics: Phase 2-5 sounds
