

Blowers Green Primary: School at Home - Reception

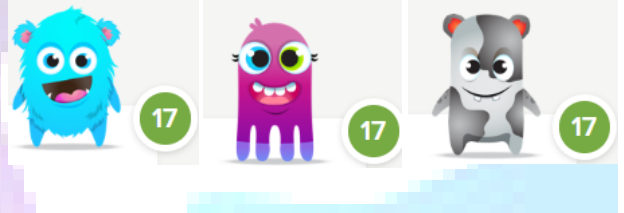

Monday 18th May

E-mail: reception@blowers.dudley.sch.uk

Hello everyone, I hope you all had a lovely weekend.

You all worked really hard last week look how many Dojo points you scored as a whole class. This is the best you have ever done. I am so proud of all the learning you are doing at home. We had 3 winners this week, each scoring 17 Dojo points. Well done.

This week is a special week. Everyone will be thinking about kindness. Kindness means doing something to make someone, including yourself, happy.

I would like you to meet some very special friends.

In the clouds not too far above your home, live the teeny tiny Kindness Elves. They spend their days painting rainbows and making special kindness potions. They try to do as many kind and helpful things that they can, but because they are so tiny, they need your help on a very important kindness mission.

Meet the Kindness Elves

Look out for the Kindness Elves on these pages. They will have an act of kindness for you to do every day.

Phonics

Race against the clock to help the alien escape to his spaceship!

You will see an alien waiting to cross a gap in the road. Next to the alien is a scrambled word and a picture. If you spell the word correctly the alien will walk across and climb up to the next gap. How far can your alien go?

<https://www.phonicsbloom.com/uk/game/alien-escape?phase=3>

Today we are going to be kind to others. Can you do something kind? It might be to tidy away your toys? Help fold clothes, wash the plates, help a brother or sister. Let me know what you have done that is kind today.

Writing

One of your friends wrote down questions for me to answer. I thought this was a lovely idea. Can you write down 3 questions for me to answer.

Here are the questions I was asked.

Do you have a son? **No I have a daughter.**

Do you have a dog? **No I do not have a dog, but my daughter would love one.**

I will only answer the question if it is your neatest writing.

Number

Today we are going to count in 2's to 20.

<https://www.youtube.com/watch?v=JyCrOIgbYcI>

Your job today is to collect any small toys you have and group them in twos. Can you have a go at counting them? How many shopkins did Molly count?

TWO 2 two	FOUR 4 four	SIX 6 six	EIGHT 8 eight	TEN 10 ten
TWELVE 12 twelve	FOURTEEN 14 fourteen	SIXTEEN 16 sixteen	EIGHTEEN 18 eighteen	TWENTY 20 twenty

Send me a picture of your toys. You could even write your numbers by the side.

Can you have a go at writing your numbers in twos all the way up to 20?

2	4	6	8	10	12	14	16	18	20
---	---	---	---	----	----	----	----	----	----

Experiment

Collect some small toys and put them into a plastic container. Fill the container with water, and put it in the freezer overnight. What do you think will happen? What will happen to the toys? We will get it out of the freezer tomorrow.

Have a good day, remember to be kind Mrs Macdonald.
