

IF YOU
NEVER
TRY
YOU'LL
NEVER
KNOW

Good morning Class 3!

It is the start of the Summer Term today, your last term in Year 3. I am quite sad that I can't see you, but I know that you are working hard. Mrs Patel and I cannot wait to see you all soon! How was your Easter holiday? Did you get out in the garden for lots of fresh air? We did!

Your first task today is an English task.

In your writing books, tell me all about your Easter break. Think about what you did, how you felt and what your favourite thing was. Remember, try to include **time adverbials**, **relative clauses** and **similes** to add interest to your writing. I also enjoy looking at pictures, so draw me a picture to show me!

Mrs Martin's Easter Holidays.

My holiday was a little different this year. I normally visit my favourite place...Padstow. However, I was unable to go this year. George and Harry were very upset. **On the first day**, we decided to set up a little camp in our garden. George and Harry, **who were very excited**, helped to put up the tent. For lunch, we had a picnic in the garden. We ate delicious sandwiches and

even had scrumptious ice-cream for pudding.

George wanted to play football, so Mr Martin went in goal. He was rubbish! In the evening, we made a small fire and toasted some delicious marshmallows. *They were as sweet and as soft as candy floss!* We had a great day; however, we didn't get much sleep during our camping night...I wonder why!

Our next task is Maths.

How long does it take you to answer these?

Email me your time...the fastest gets 5 Dojos!

Monday
Continue:

4, 8, _____, _____, _____

How many?

100 100 100
100 100 100

Estimate:

0 _____ 200

Compare:

321 ○ 123
678 ○ 876

We are going to be focusing on the value of numbers.

I want you to tell me how much each digit is worth. For example

538 = five hundreds, three tens and eight ones

$500 + 30 + 8$

What chilli can you reach? Begin at Yellow and see how hot you can get!

465 201 546 374 534		512 674 901 1043 1265		3245 5742 5631 7542 2452	
---------------------------------	---	-----------------------------------	---	--------------------------------------	---

Challenge - My number has four tens, eight thousands, nine ones and two hundreds. What is my number?

Write your own and send it to me to test me!

Handwriting

Practise using our learnt joins to write these. 3 by the tree.

tin	mum	it
tum	hat	hut

Our next lesson is History

I want you to look at this picture of a castle and create 5 questions that you would like to find out about castles.

Remember to complete you daily reading and practise all of your challenges ready to earn some Dojos when you are back.

Finish today with this calming exercise...

Don't forget, if you have any problems, you can email me.

Have a lovely day! From Mrs Martin
