

IT'S FRIDAY

AND YOU LIKE IT

Happy Friday Year 2!

It's Friday...well done for another week of fantastic learning!
We have more fractions and spaceship building to get to today!

Hands up if you

love Fridays

First up is maths!

I have done some great work on fractions this week. I thought we might end our week with a fractions feast!

Can you help these children share the foods below for their picnic?

Anesa and Imran are having a picnic. Use the pictures to help you share the food out equally between them so they have half each.

Eddie and Mario decide to join them. Now they have to share the food into quarters. How much do they each get now?

Send me your answers. Make sure to use your sharing circles and show your working to earn dojos!
 There is a super challenge for extra dojos below too. Why don't you stretch yourself today?

Aneesa, Imran and Eddie are having a picnic. Share the food out equally between them so that they have $\frac{1}{3}$ each.

Super challenge

Send me your answer and explanation for 3 dojos.

Alex, Annie and Whitney each show a piece of ribbon.

Whitney shows $\frac{1}{2}$ of her whole ribbon.

Alex shows $\frac{1}{4}$ of her whole ribbon.

Annie shows $\frac{1}{3}$ of her whole ribbon.

Whose whole piece is the longest?
 Whose is the shortest?
 Explain why.

Next up, is design and technology

You have carefully designed your spaceship this week. Today, you are going to make a model of it. Use materials in your house to make your spaceship! You might use foil as the metal, cling film for the glass, and cardboard for the main body.

Make sure you ask an adult to help you find your materials.

If you aren't sure how to make your model, you might like to watch this video to help you.

<https://safeYouTube.net/w/D33M>

I would love to see your models, so I will offer you 5 dojos for a picture of your model!

What a deal!

Our next lesson, is writing

Now, you are going to write a set of instructions for someone making their own amazing spaceship model. Remember, you need to give exact, clear instructions so if someone else followed them they would make exactly the same model.

Remember, instructions use command words.

Command words order the reader to do something.

You might like to use these command words in your instructions.

Use the words in red to order your steps.

stick

Firstly

cut

Secondly

make

Lastly

attach

Finally

glue

Next

fold

Then

Reading

Settle down somewhere cosy to enjoy this story. It is one of my favourites.

Last today, it's time for PE

As always, we end our weeks with Joe Wicks again...are you ready?

<https://www.youtube.com/user/thebodycoach1>

I hope you have enjoyed your learning this week!

Thank you to those of you who have sent me pictures of your wonderful work. I absolutely love seeing how you are getting on with your learning at home. Please keep sending me pictures of your work for more dojos!

I hope you have a lovely weekend. Make sure you rest, read and get some fresh air.
Most importantly, remember to have fun!

Take care,

Miss Pylypiak-Clancy 😊
