

Blowers Green Primary: School at Home - Reception

Monday 29th June

E-mail: reception@blowers.dudley.sch.uk

Good morning Reception, WOW what a week we had. The sun was shining, I had a class of superheroes, and they all did some super learning. Look how many Dojo points you won as a whole class. Well done.

The winner from last week, who scored the most Dojo's was this character. Do you recognise it? Is it yours? If it is well done.

I hope you all had a nice weekend. Write a sentence and draw a picture of what you did, then email it to me. I miss our morning chats about the weekend.

This weekend Molly and I spent a lot of time outside. Molly loves horses, so we went for a walk along the canal on Saturday, to see if we could see some on the fields. We were lucky! We saw some horses having a swim in the canal. They must have been really hot!

Welcome to pirate week!

Question: Why does it take pirates so long to learn the alphabet?

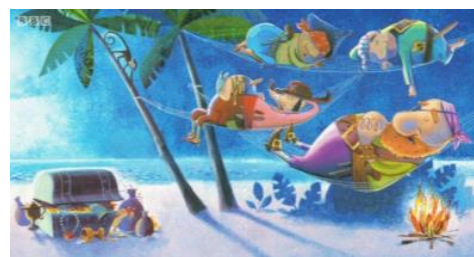

Answer: **They spend years at C!**

Go on an adventure with Tom. What happens to him when he sees the rough, tough pirates?

<https://safeYouTube.net/w/eStM>

In this story the rough, tough pirates are caught fast asleep. We are going to play a game. Find your most special toy. Put it by you and fall asleep. Can someone in your house take your toy without waking you. They have to be as quiet as mice. Now, it is their turn to fall asleep with some treasure can you steal it from them without waking them up? Remember you need to be quiet.

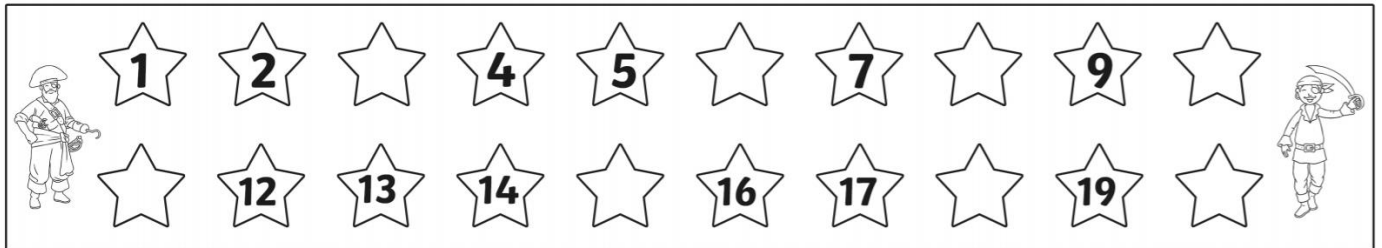

Number Song

Can you add with a pirate? Are you quicker than the pirate?
 Can you explain to a grown up what happens when you add two numbers together? <https://safeYouTube.net/w/1RtM>

These naughty pirates have been stealing my numbers. Can you work out which numbers have been stolen?

Can you crack the pirate addition codes? Use the key to see the numbers for each pirate picture.

Look at the pictures in the questions and write the numbers in the boxes to create and solve an addition sum.

Phonics

I am enjoying the video clips you are sending me learning these sounds. Keep up the good work. I know it is getting tricky now.

<https://safeYouTube.net/w/ZcuM>

This one is if you are still unsure of the sounds some of the phonemes make.

Please keep practising these Kite Challenge words. Remember we need to be able to read and write them. Can you pick some words and write a sentence with them in? You could even type the sentence and email it to me.

As we are going to be pirates this week, we need something a pirate always uses. Can you guess what it is? That's right a telescope. Think about how you are going to design yours so we can go on lots of pirate adventures. Use your telescope to go on a pirate hunt. Can you find these things?
