

Good Morning Year 3

Let's start our day with yoga. Start your day by completing some Cosmic Kids yoga. Find a yoga video that you would like to do today.

Next up is maths.

Let's practise adding using the written method. Remember to always add from the ones column first. Record your work accurately using the vertical column method.

Choose your chilli challenge below.

Our next lesson is English.

Today we are going to be revisiting subordinating conjunctions.

A conjunction is a word, or words, used to connect two clauses together. Words such as: 'although', 'because' or 'when'.

A subordinating clause is a part of a sentence that adds additional information to the main clause. A subordinating conjunction is simply the word/words that is used to join a subordinating clause to another clause or sentence.

Watch this short video to refresh your memory.

Draw this table in your book

Subordinating conjunctions	Non-subordinating conjunctions

Place these words in your table by organising them into subordinating conjunctions and non-subordinating conjunctions.

or

because

Create 3 appropriate sentences using 2 clauses and a subordinating conjunction.

She decided to help her mum fix the car...

because

...the lead actors were poorly that day.

The school play was a roaring success...

although

...he knocked him over and didn't say sorry.

He wasn't friends with Ahmed any more...

while

...Dad vacuumed the muddy hallway.

Challenge

9. Nina needs to alter the meaning of her sentences by changing only the subordinating conjunction.

A. Unless the red team score another goal, we won't get through to the final.

B. The dragon will keep attacking the village until there is nothing left to destroy.

Which subordinating conjunctions could she use? Explain your answer.

For our reading time today, I would like you do follow this link.

You will need to create an account, it is free! Ask an adult to help you here!

Once you have done that, I would like you to choose a book to read and enjoy today.

Don't forget to complete the activities at the end.

The final lesson is French.

What are you having for tea? Draw a picture of your meal in your book and label it in French.

Use the word mats below or google translate to help you if needed.

English answers

1. **because, if, that**

5. She decided to help her mum fix the car **while** Dad vacuumed the muddy hallway. The school play was a roaring success **although** the lead actors were poorly that day. He wasn't friends with Ahmed any more **because** he knocked him over and didn't say sorry.

Challenge

9. For sentence A, she could change 'unless' to 'if'. This changes the sentence from wanting the reds to score to wanting the reds not to score. For sentence B, she could change 'until' to 'after'. This would change the sentence meaning from the dragon stopping the attack once the village is destroyed, to the dragon will continue to attack the village even when it has been destroyed.
