

Hello Class 3!

It's my favourite day of the week because normally it is singing assembly. I am really missing singing time. Are you? It always makes me feel so happy for the rest of the day.

As it is Thursday, let's start our day with a sing song.

9.  $2456 - 4 =$

10.  $2302 - 5 =$

### Challenge

There are 754 ants in a nest. 13 of them get grumpy and decide to leave. 5 more follow but then 3 change their mind. How many ants are actually left?

### Handwriting

In your exercise book, practise these joins.

|         |        |         |
|---------|--------|---------|
| tell    | feel   | being   |
| whether | ballet | betting |

Next is English.

Study the picture below. Imagine where the scene, what does it smell like? What does it feel like? What does it look like?

Next read the story starter and continue the story.

### Story starter!

The tree was all that remained. A solitary figure, it stood there in defiance of the destruction surrounding it. The bark had begun to peel away, one piece at a time, joining the wreckage of other trees that lay scattered across the scorched earth.

This tree was different to the other trees. It contained magic. It contained hope...

Can you continue the story? What is so different about this tree? What has happened to the other trees around it?

Our final lesson is art.

Today, we are going to be drawing with Dave. Today we are going to drawing with personification.

## Personification

◊ Definition: A nonhuman, inanimate object, idea, or animal is given human characteristics

As you know the current reason you are learning from home is because of the spread of Covid 19.

So, by using personification we are going to create a Covid 19 cartoon villain.

Super work today Class 3.

What was your favourite activity? I really enjoyed English today. I keep looking at the amazing picture of the tree.

This is my pick of stories today...enjoy!
