Storytime

This story reminds me of another story we have read. Do you know which one? After you have listened to the story can you tell an adult what happened at the beginning, middle and end.

Drawing

After the impressive superheroes you sent me last week, I can't wait to see your pirates.

## Number Song

Can you subtract with a pirate? Are you quicker than the pirate? Can you tell an adult what happens when you subtract from another number? Does the number get bigger or smaller?

## What shapes can you find in this pirate picture?

How many circles, rectangles, triangles and squares can you find?

## Phonics

In this lesson you will learning to read loner words with more than one phoneme.

**Remember only choose one.**

## Float and sink

The pirates made the Troll walk the plank before they found out he can cook. What can you make walk the plank?

Collect 10 objects that you don't mind getting wet. Write a list of the objects you have found. Put a tick if they float a cross if they sink.

- 1) Pencil ✓
- 2) Rubber x
- 3) Coin x
- 4) Barbie ✓
- 5) Plastic cup ✓

Next you need to find something to use as the sea - the bath is a good option, or a bowl of water.

You could even invent a plank for the objects to walk down.

Make the objects walk the plank. Which ones floated? Make these into one group. Which ones sank? Make these into another group. How many in each group? Did any of the objects surprise you? Put a tick or a cross by the object on your list.

## Walk the Plank

After all that yoga last week why not pretend to walk the plank yourself. Put string or sticky tape on the floor and see if you can balance on the straight line. Be careful not to fall off. Challenge yourself can you hop, walk or jump along the plank.
