#### Tuesday 30th June 2020 Blowers Green at Home - Nursery

E-mail: nursery@blowers.dudley.sch.uk

Hello everybody

Below are your 'Nursery at Home' activities for today. As always, if you have any questions or would like to share your learning, please e-mail on the address above.

# Share a Story

We're Going on a Bear Hunt. Click on the link below to enjoy the poem. Join in the actions and words with Michael Rosen. You could use a blanket to hide under at the end of the poem. Just like we used to when we hid from the crocodile in Row, Row your Boat. https://safeyoutube.net/w/8Z6M

#### Bear Hunt Discovery Bottles

Have fun making these discovery bottles to help you tell the story. Each bottle or bag represents each obstacle in the story. You could choose to make your favourite or make them all. This is what I used to make mine.

Grass - torn /snipped strips of paper or real grass (dry grass makes a better sound when you shake the bottle).

River - water, blue paint or food colouring and oil.

Mud - soil and water to make mud.

Forest - twigs and leaves

**Snowstorm**- torn cotton wool and rice.

You could use zip lock freezer bags if you don't have any plastic bottles. Just be careful not to make your mud too runny and use paint and oil instead of water for the river. Also, it is best to tape the zip lock seal otherwise it could get messy!

# Keep on moving!

### Number Jump

Chalk a number line from 1 to 10 outside or make some number cards to use inside. There are lots of fun counting games you can play with your number line.

- Jump forwards and back along the number line saying the number as you go.
- Move in different ways. Can you hop on one leg? Now try the other.
- Miss a number out each time you jump. Call out the numbers you land on.
- Start jumping at different points along the number line.
- Mix it up a bit, for example, jump 4 forward, then 2 back. What number did you land on?
- Have a jumping competition with your family. How far can you jump? What number did you land on?

Phew, you must be feeling a little sweaty now after all that jumping. That's your body trying to cool itself down. Go and have a drink of water this will help too.

#### **Phonics**

# Sound Scrap Book

Yesterday we searched for objects beginning with the t sound. Look through magazines, junk mail, photographs and packaging for objects which start with the t sound. Cut them out and stick them into the next page of your book. If you can't find any photographs you could draw a picture. Keep your book safe, ready for the next sound.

Use the video link below to remind you how to say our phonic sounds correctly.

#### It's Time to Sign

Keep practising the Makaton signs from last week.
This week, we are going to learn to sign mummy and daddy.
Click on the link below and then scroll across to the correct sign where Mr Tumble will show you what to do.
